Hi Matt, Kevin and Jerry,

I spoke with Meredith and Michael and they confirmed the following:

1. Great Basin is to be considered part of the ARB PQA0 and as such we do not need to do any more audits at Keeler this year. To reflect this I revised the TDF for non-tribal PM2.5 PEP for 3Q 2010 (TECHNICAL DIRECTION No. 00901001) to add the sentence:

The Keeler site can be removed from the schedule.

2. We did decide in our previous meeting to not do any more Hualapai audits this year. Going forward, this will all have to be part of a tribal strategy being developed and Michael and Meredith can keep me updated. I added the following sentence to the TDF for tribal PM2.5 PEP for 3Q 2010 (TECHNICAL DIRECTION No. 00901002) - though I think this is already reflected in Kevin's new schedule.

The Hualapai site can be removed from the schedule.

Matt - feel free to adjust these tomorrow if you want. Thanks!

Kate
